Datasets CD-ROM to accompany
***Mathematical Statistics and Data Analysis*, 3rd Edition**
by John Rice

Text ISBN: 0534399428

CD-ROM ISBN: 049510986X

This CD-ROM will provide supplemental materials for students using the text.

The following resources are available for the user:

Data files available in ASCII, Excel, Minitab, JMP, SAS, SPSS, and S-Plus formats.

For the software package R, use datasets formatted as ASCII (comma delimited) for input.

For Mac users, JMP, Excel, ASCII, and SPSS data files are available.

A note about Minitab files:

Due to the constraints of Minitab 14 Student Edition, multi-row and multi-column files that were too wide were split into sections in the worksheet, with the labels repeated.

Single files that were too large for Minitab 14 Student Edition are provided in Minitab 13 format and will only be read by Minitab 13 or Minitab 14 Profession Edition. Please refer to another format if you are using Minitab 14 Student Edition.

Explanation of directory

The datasets are organized by format and then by chapter.

System Requirements

Windows® 2000, XP or later
300 MHz Processor
64 MB RAM

Mac® OS X or later
PowerPC Processor
128 MB RAM

800 x 600, 16-Bit High-Color Display
8x CD-ROM

Technical Support

For general technical support, please call 1-800-423-0563, Monday through Friday, fax 859-647-5045, or send e-mail to tl.support@thomson.com.

Identify the product by the ISBN 049510986X and name (Datasets CD-ROM to accompany *Mathematical Statistics and Data Analysis*, 3rd edition, by John Rice).

Provide the name of the operating system used, the version number, your browser name and version and the size parameters (memory, mass storage, CPU speed) of your computer.

Be prepared to tell what the symptoms of your problem are in detail and what things you have been able to eliminate as causes. Tell the support person if you have tried other operating environments.
